Poster instructions

- The poster should not be more than 115 cm high and 75 cm wide (vertical is preferred).
- We will need your poster both in a printed version (PPT or InDesign) and digitally (PPT or PDF-file – see below)
- Your poster session has 15 minutes allocated time, of which 5-10 minutes is for presenting your research project followed by questions and discussion. During your oral presentation the digital version of your poster will be used.
- On the day of your presentation you are responsible for mounting your poster in the morning, see the schedule for the time assigned for this. The printed version of your poster will be displayed during one whole day during the conference in the common areas.
- You will find the date, time and room for your presentation in the poster schedule enclosed. This information will also be presented on the conference website.
- Be sure to be in time at the room of your presentation. There is a session moderator in the room to assist and present you and facilitate Q&A's after your presentation.
- To participate in the contest for best poster please submit your poster (saved as PPT or PDF-file) no later than **October 31st 2019** to fiv@ki.se. The posters will be reviewed and scored, and the 8 posters with highest rating will be open for votes during the conference.
- If you are not participating in the contest we will still need your poster sent to fiv@ki.se by **November 7th** in order to be prepared for your session. (Format PPT or PDF-file)
