Generic system created by Christofer Lagerros (c) 2001-2022 version 2022-08-19

Enter your site number, your personal user name and your individual password. Proceed to log in by "OK".

2. Enter study ID of the participant in the "Patient ID" box. The study ID is a number is your site number followed by 3 digits e.g. 201001, 201002, 201003...

Patient ID

Fill in new form:

Nothing is registered for this patient yet - choose "Fill in new form"

Please select QoL under the dropdown "Fill in new form"

3. If nothing is registered yet on this participant then you have to chose "Fill in new form" ->"QoL". Otherwise the page display the status of the Quality of life forms for the current participant. The information about answered surveys are updated by an interval on approx. one hour so it can take some time before a survey answer is displayed here.

Quality of Life Administration for the Neo-Act Study

Patient Language Swedish ▾

		Started	Finished	
Code Baseline	dh b	2022-11-25 14:07	2022-11-25 14:22	Information Letter Basline
Code Pre Surgery	ff m			Information Letter Pre Surgery
Code 1 Year	gf zs			Information Letter 1 Year
Code 2 Years	hh ðnr			Information Letter 2 Years

Save Reset Delete

Chose Patient Language "Finnish" if the patient is Finnish speaking. On this picture the participant has already answered the first online questionnaire

3. Click on "Information letter Baseline" and a new web page will open from where you can print the code letter to the study participant. Later on in the study do the same for "Pre surgery", "1 Year", "2 Year". You can print out a letter multiple times if you want to do a reminder. Also it is possible to send the content of the letter e.g. by e-mail to the participant.
