

Dear all,

In this letter I list news and events on Sustainable development at KI and Stockholm.

Food waste recycling is in place in Aula Medica and the administration building in Solna! [Food waste recycling to be introduced at KI | Karolinska Institutet Nyheter](#)

20/9: The Center for Social Sustainability (CSS) is celebrating its 10th Anniversary with a [Conference: Social sustainability - or die | Karolinska Institutet Nyheter \(ki.se\)](#). Speakers include E. Bojner Horwitz, S. Einhorn, I. Ernberg and many more and for music performance and movies – check the program [download \(ki.se\)](#)!

4/10: Sustainability Forum 2023 in Aula Medica and live-streamed [Universities and the 2030 Agenda: taking stock and moving forward | Karolinska Institutet Nyheter](#) is jointly organized by the University Alliance Stockholm Trio – Stockholm University, KI and KTH

21/11: Royal Swedish Academy of Sciences organizes a [Symposium on climate and health - Kungl. Vetenskapsakademien \(kva.se\)](#) bringing together experts from different fields for understanding the interactions, challenges and co-benefits related to climate and health. Free of charge at Lilla Frescativägen 4a and live-streamed.

Calculate your footprint! It took me 15 min to get a result of 10,4 tons of CO₂ equivalent for the last 12 months using [WWF Footprint Calculator](#). What is yours? Swedish version [Klimatkalkylatorn - Beräkna din miljöpåverkan - Världsnaturfonden WWF](#)

Our motto: we can make a difference!

I'll be back! Katja
