

# The Neo-ACT trial

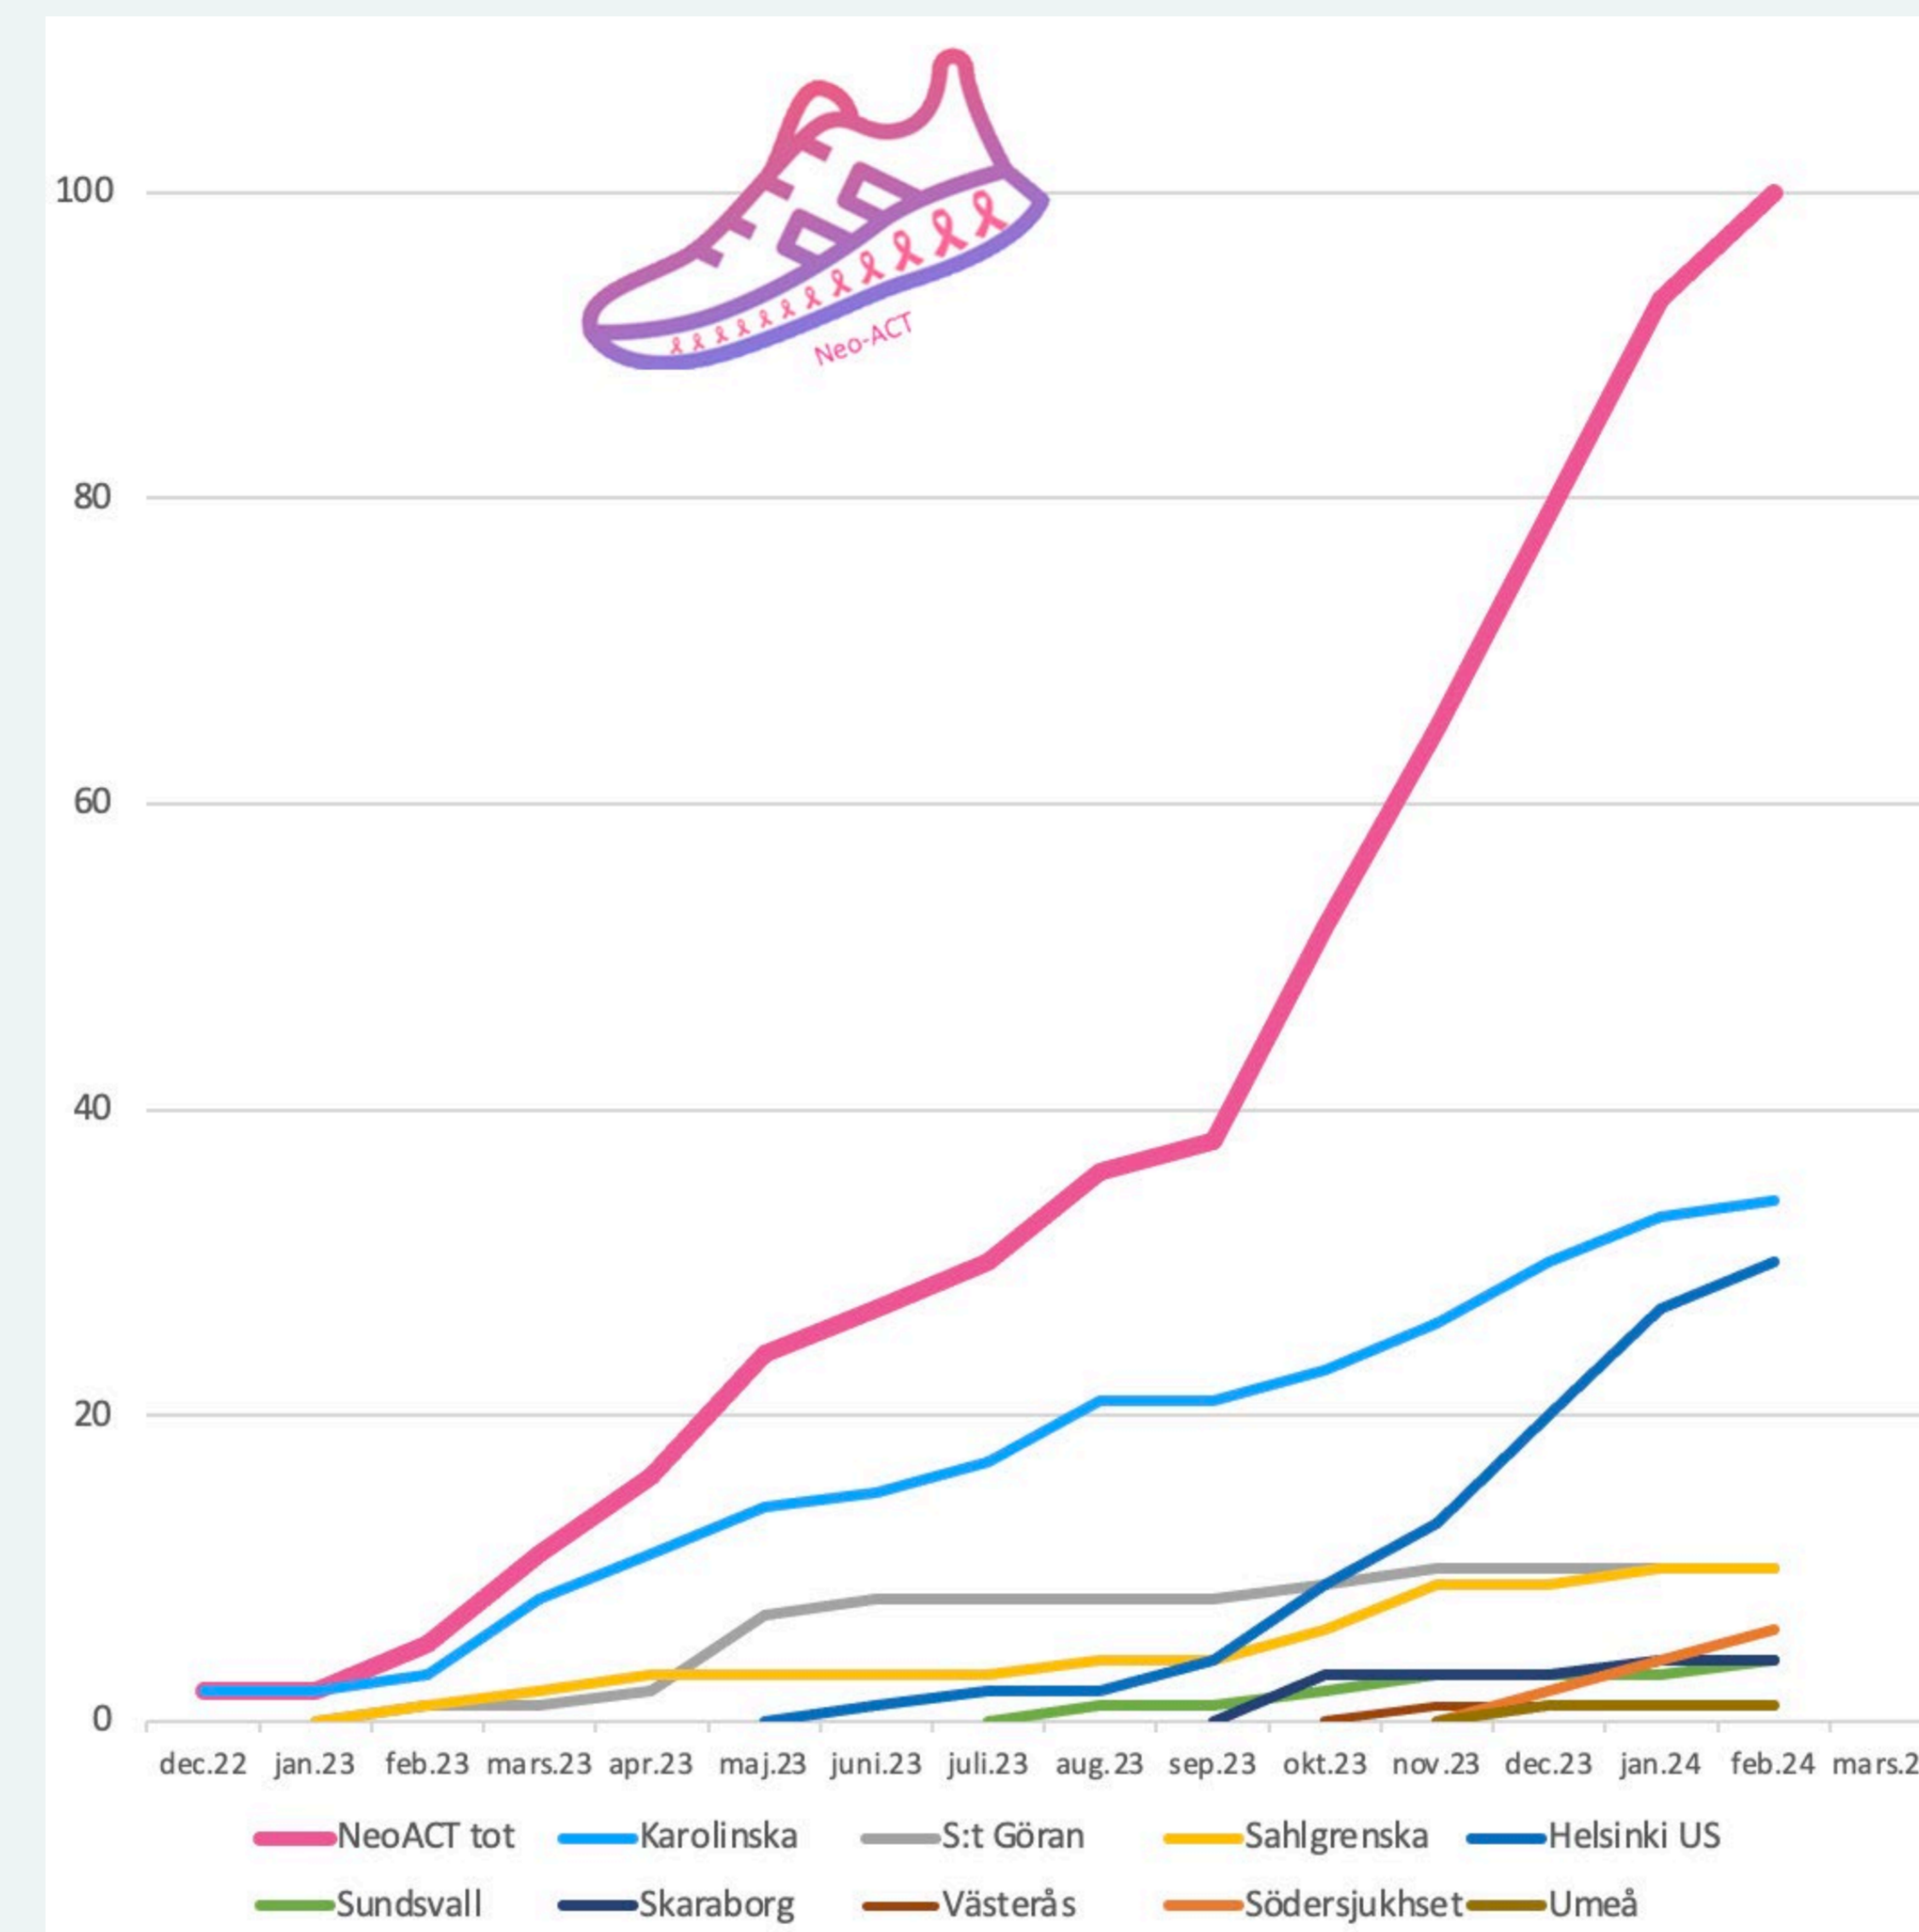

## Newsletter, February 2024

Jana de Boniface, Cecilia Ringborg, Renske Altena, Yvonne Wengström and Marie Westman

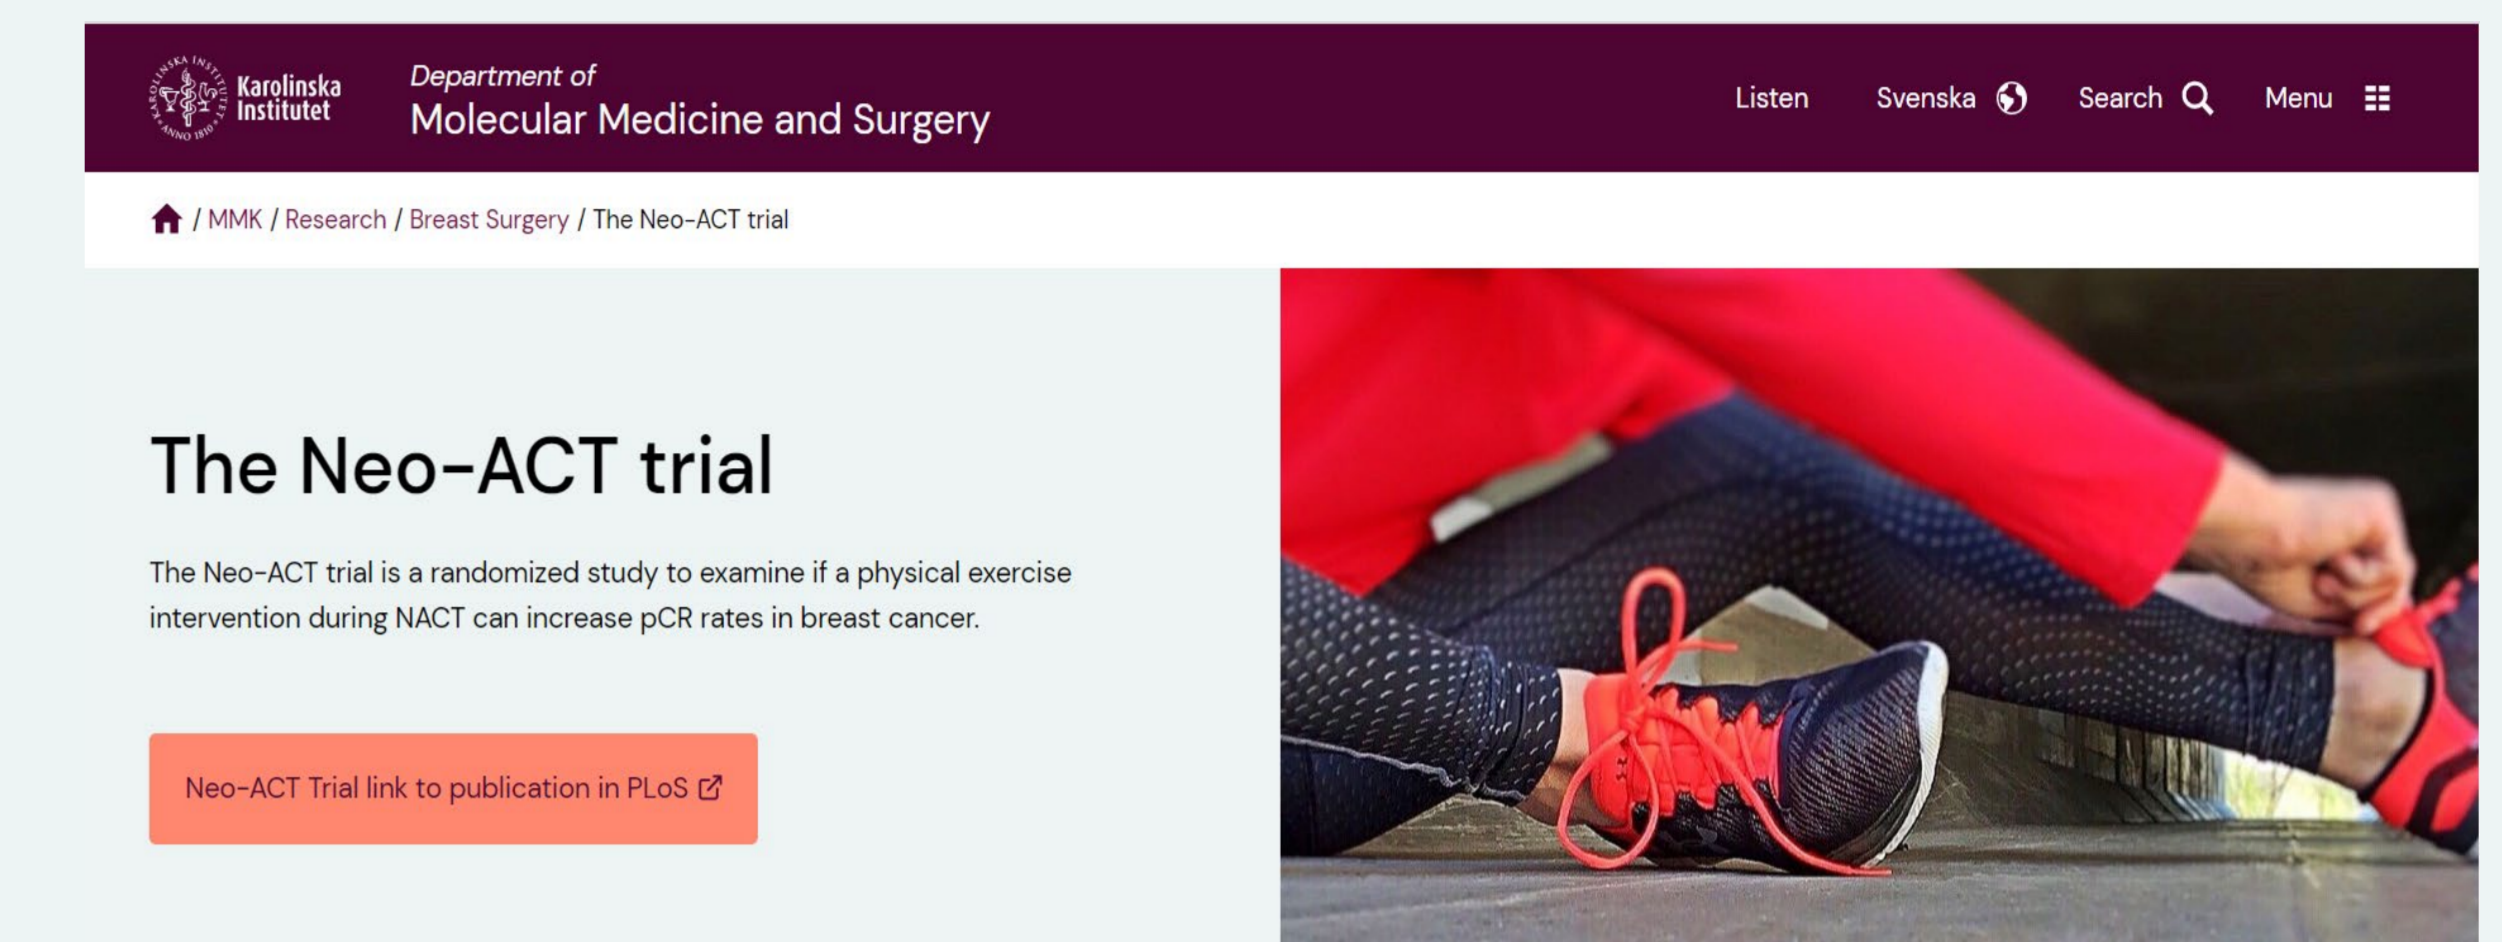

We have now included 100 patients in the Neo-ACT trial!

The 100th patient was included at Södersjukhuset. Congratulations!

### International expansion

The international expansion of the trial is rapidly taking shape: Several German sites are planned to join during late spring 2024 via the network of EUBREAST (European Breast Cancer Research Association of Surgical Trialists). Australia under the lead of Eva Zopf is currently submitting ethical applications, and we hope to start three Melbourne sites before summer. Before winter that is from the Australian perspective. Hopefully, we can soon also welcome sites in the UK.
