Technical advances in neurosurgery and meningioma treatment

CANCELLED

We regret to inform that the symposium 'Technical advances in neurosurgery and meningioma treatment', originally planned for the 25th of November, is hereby cancelled.

We would like to thank all contributors. We are grateful for all the enthusiasm and positive feedback we have received and hope that we will be able to reschedule in the future.

Organisers: Adrian Elmi Terander & Erik Edström, Departments of Neurosurgery and Clinical Neuroscience

Karolinska University Hospital
Karolinska Institutet
