

Welcome to the Tissue and Motion Day 2017

October 3rd 2017 at Balingsholm, Huddinge

Who we are

Researchers and clinicians at KI with a common interest in the multidisciplinary field regenerative medicine, motion and health.

Who can attend

The Tissue and Motion Day welcomes registrations from doctoral students, post-docs and junior and senior scientists at KI for an intensive one-day program with research presentations and poster sessions.

This is a great opportunity to meet, network and exchange ideas with colleagues at KI!

Register

Register by sending the attached registration form to Galina Drozdova: galina.drozdova@ki.se

All attending doctoral students and post docs are obliged to present a poster.

The seats are limited: First come – First served

The retreat is free of charge and is organized by the KI research network Tissue and Motion.

For questions, contact the Tissue and Motion chair Cecilia Götherström: cecilia.gotherstrom@ki.se

Art exhibition! Do you have nice photos from your research? Send them to ewa.ellis@ki.se and we will print and add them to the art exhibition. Prize for the best photographic art! Deadline 2017-09-26
