Galina Selivanova Reviews:

Selivanova G & Wiman KG.
Reactivation of mutant p53: molecular mechanisms and therapeutic potential

Stridh H, Bykov VJN, Selivanova G, and Wiman KG
Cancer therapy by reactivation of the p53 apoptosis pathway.

Selivanova G, Bykov VJN, and Wiman KG
Mutant p53 Reactivation as a Novel Strategy for Cancer Therapy

Selivanova G and Fersht A.
Rescue of the p53 tumor suppressor by a rationally designed molecule

Bykov VJ, Selivanova G, Wiman KG.
Small molecules that reactivate mutant p53.
