Publications 2001 Elisabeth Norin Group

E Norin, T Midtvedt
Interactions of bacteria with the host. Alterations of microflora-associated characteristics of the host; non-immune functions

M Banasaz, E Norin, T Midtvedt.
The role of gender, age and microbial status on cell kinetics in the gastrointestinal tract of mice.

ME Cardona, T Midtvedt, E Norin
Probiotics in gnotobiotic mice. Short chain fatty acids production in vivo and in vitro

Publications 2000

M Banasaz, M Alam, E Norin, T Midtvedt.

M F Böttcher, E Norin, A Sandin, T Midtvedt & B Björkstén.
Microflora-associated characteristics in faeces from allergic and non-allergic infants

E Collinder, A Lindholm, T Midtvedt, K E Norin,

S Karlsson, A Lindberg, E Norin, L Burman, T Åkerlund
Toxins, butyric acid, and other short-chain fatty acids are coordinately expressed and down-regulated by cysteine in Clostridium difficile Infection and
M Cardona, V de V. Vanay, T Midtvedt & E Norin
